Versamate®

Screw Driver–Speed Reducer for Power Drills

- Lower priced partner of Versamatic
- High profit seller to home shop owners
- Designed, built and priced—right!
- Speed reduced 7 times
- Increases drill power 7 times
- Add ½" chuck and drive hole saws, masonry bits, etc.
- Nationally advertised!

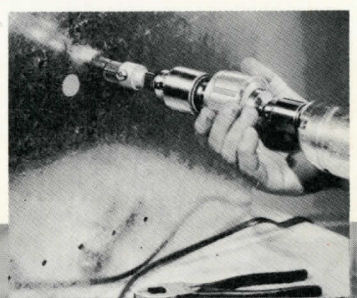
By popular demand from the makers of Supreme Versamatic and Supreme Brand Chucks

Uses Yankee-style bits – available everywhere

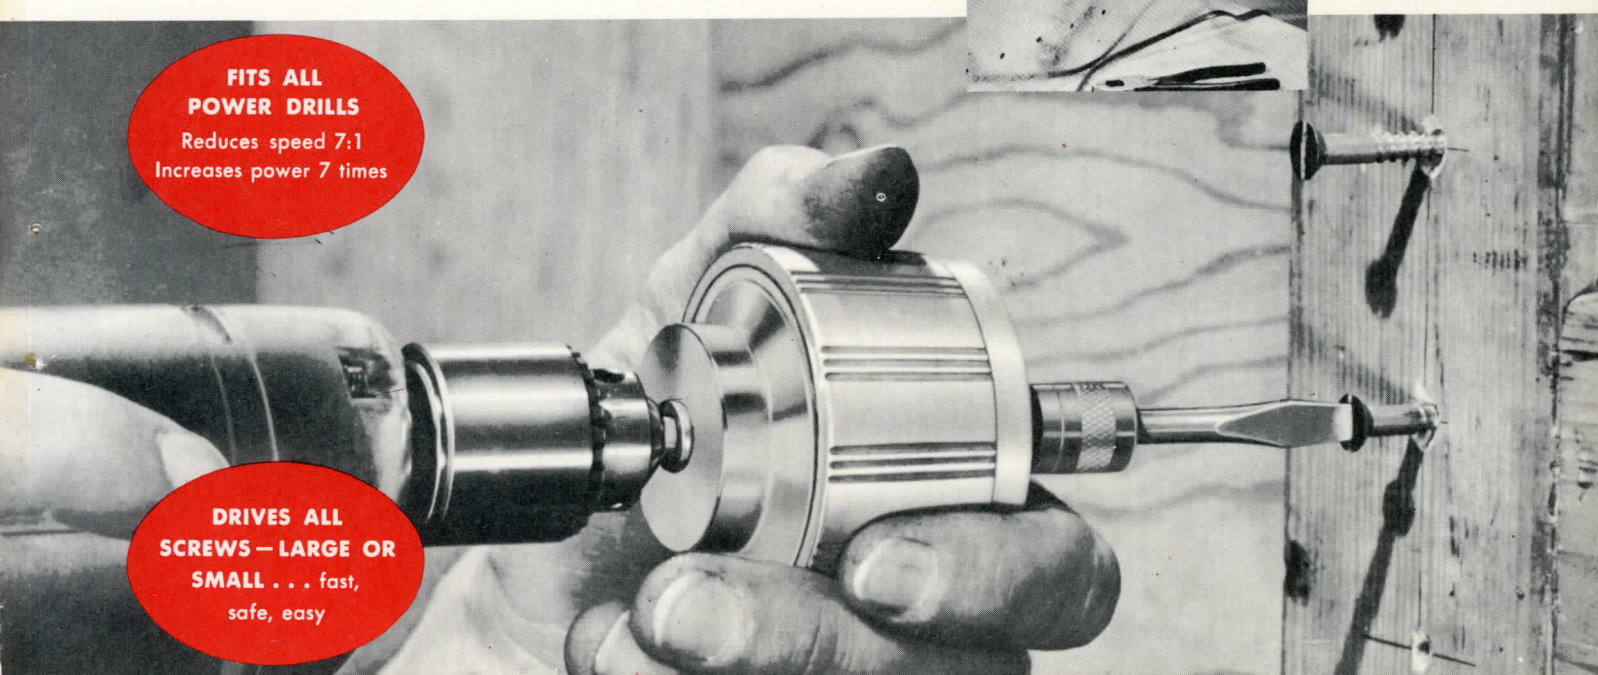
Priced to sell—just $9.95 including screw driver bit, handsome "see-all" package, and complete instructions. Model No. 4600. All bits that are used on Versamatic No. 4100 (see next page) are suitable for use with Versamate.

$9.95 LIST

"See-All" Versamate package shows tool to best advantage — requires no clumsy display pieces. Attractive! Invites impulse business!



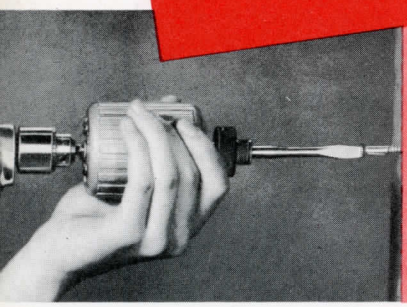
Versatility . . . Versamate powers hole saws, masonry drills, fly cutters, etc.



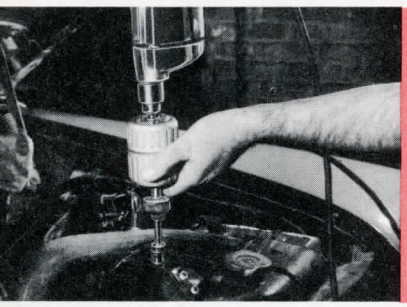
PROVED PROFITMAKER... THOUSANDS SOLD!

Supreme Versamatic®

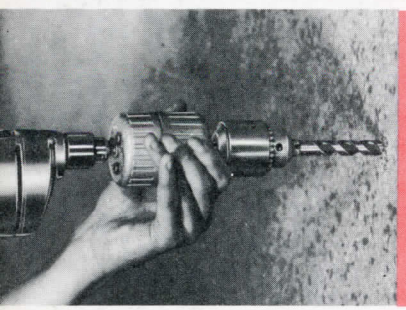
REVERSIBLE SCREW DRIVER and SPEED REDUCER FOR POWER DRILLS



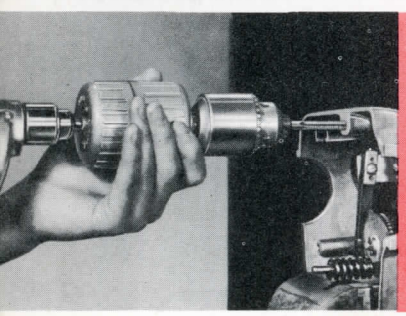
For Screw Driving... Versamatic increases power 7 times—will drive the heaviest screw with ease. It *reverses* for screw removal.



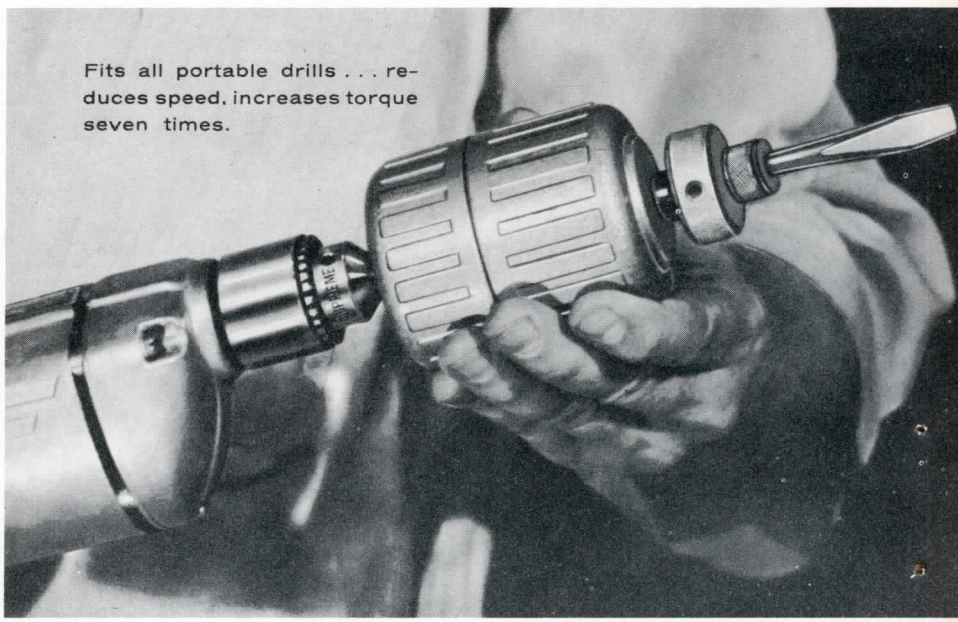
For Nut Running... On or Off... Use ¼" adapter furnished...drive socket attachments. Fast, safe. Works just like a power wrench.



For Heavy-Duty Drilling... Attach ½" Chuck (not included) and light tools will perform heaviest drilling jobs. Drive hole saws, masonry bits, etc.



For Power Tapping... Secure tap in ½" chuck—Versamatic will drive it through toughest material. Reverse to remove tap by power.



LIST PRICE JUST $14.95 COMPLETE

MODEL 4100 CONSISTS OF:

Part No.	Part Name	List
4029	Wrench Pin	.20
4074	Med. Duty Slotted Bit	.70
4072	No. 2 Phillips-type Bit	.80
4076	¼" Square Drive Adapter	.80

PARTS AVAILABLE AS "EXTRAS"

4070	Light Duty Slotted Bit	.70
4075	Heavy Duty Slotted Bit	.70
4071	No. 1 Phillips-Type Bit	.80

4078	Screw Driver Bit with "Finder"	1.80

Important! Versamatic is equipped with "yankee-style" Bit Holder. Bits listed above are standard hardware items available in most hardware stores.

Biggest Profit-Maker in Drill Attachments... Every Power Drill Owner Needs One!

The Supreme Versamatic does more than perhaps any other power drill attachment on the market. It is a *reversible* screw driver; a nut-runner; and a speed reducer for heavy duty drilling. Now, in Model 4100, it is available with the improved yankee-style Bit Holder that permits instant bit and tool change.

Since its introduction Versamatic has been a real hit with both professional and amateur mechanics. Versatility is the key to Versamatic success. It does things that were formerly impossible with anything but expensive single-purpose power tools. And it does these things well . . . offering safety to operator and work while performing incredibly fast and accurate work.

A real hardware Seller!

Versamatic *sells!* Versamatic sells because it does jobs that cannot be done with any other tool of comparable price. The dealer gets plenty of help. There's a high-powered counter display—*free!* There are ads in leading magazines. Best of all there's word-of-mouth selling that creates a demand for Versamatic. Sell one—that sale produces two more.

SPECIAL HARDWARE DEAL

To simplify dealer inventories, Supreme has put together a package deal on Supreme Chucks including 5 of the most called for chucks, each with key, and two adapters for use on portable drills that require them. You also get a handsome small display complete with an actual chrome-plated chuck. Puts you in the profitable chuck business at small cost.

SPECIAL DEAL INCLUDES:

SUPREME BRAND CHUCKS... UP FRONT

on America's Finest Power Tools

The most famous trade names in the world of tools. Supreme is proud to display them because each is equipping some portion of its output with Supreme Chucks.

To get this unanimous approval, Supreme needed to offer something extra. What they offered was a tougher, more precise chuck. Tougher because of exclusive inside-and-out hardening. More precise because that's the way they are made.

When you buy new power tools look for the Supreme Chuck up front. When you replace a worn chuck, ask for Supreme—it will give you extra service.
